MARK WEST AREA COMMUNITY SERVICES COMMITTEE NOTICE OF WRITTEN EX PARTE COMMUNICATION

In accordance with Article 8 of the Rules of Practice and Procedure of the California Public Utilities Commission (“Commission”), the Mark West Area Community Services Committee (“MWACSC”) give notice of the following ex parte communication in the above-referenced proceeding:

On Friday September 7, 2007, a letter from the MWACSC was sent via U.S. mail to Commissioners Bohn, Peevey, Chong, Grueneich and Simon and to ALJ Linda Rochester. The letter and attachments are in response to the ex parte communication with the above decision makers dated August 13, 2007 by Paul Townsley, Western Region President of American Water and B. Kent Turner, President of California American Water.

The MWACSC letter informed the decision makers that the signature cards, copies of which were attached to the August 13, 2007 Townsley/Turner letter, were solicited, gathered and

submitted after the close of the evidentiary phase of the current rate case and are therefore not a part of the record for the current rate case.

The MWACSC letter also included two examples of the type of information provided to Larkfield ratepayers in soliciting signatures for the “cost sharing” proposal.

Further the MWACSC letter pointed out to the decision makers the disparity in the number of times the Larkfield ratepayers have been individually contacted seeking support for the “cost sharing” proposal (9) vs. the number of times the Sacramento ratepayers have been individually contacted concerning the “cost sharing” proposal (0).

Finally, the MWACSC letter emphasized that the “cost sharing” proposal was not a cost sharing proposal at all but a subsidy proposal.

Pursuant to Rule 8.3, MWACSC served the written ex parte communications attached hereto as Exhibit A on all other parties to the proceeding on September 7, 2007, the same day these communications were sent to the decision makers in the above referenced proceeding..

Respectfully Submitted
